Career Objective

- Aspiring Data Analyst with hands-on skills in Python, SQL, Power BI, Excel, EDA, and Web Scraping, seeking an entry-level role to transform raw data into actionable insights that drive business decisions.

Technical Skills

- Programming Skills:** Python, EDA, SQL, Power BI, Web Scraping.
- Libraries:** Pandas, Numpy, Matplotlib, Seaborn
- Tools & Databases:** MySQL (RDBMS), Jupyter Notebook, VS Code, MS Excel, Microsoft Power BI

Projects

Library Management System

- Built a SQL-based Library Management System to manage books, members, authors, publishers, and borrowing transactions through a structured relational database.
- Utilized advanced SQL concepts such as joins, subqueries, views, aggregate functions, and constraints to support reporting, data integrity, and library operations.

Global Video Game Sales Intelligence Dashboard

- Cleaned and transformed video game sales data using Exploratory Data Analysis with python.
- Performed exploratory data analysis to identify sales trends, regional performance, and genre popularity.
- Converted my unstructured and cleaned dataset into a video games sales database using SQL.
- Built an interactive Power BI dashboard featuring KPIs, filters, and dynamic visualizations.
- Generated business insights to support market trend analysis and decision-making.

Internships

Cisco Networking Academy - Summer Intern (Virtual)

MAY 2023 - JUN 2023

- Attended the 30-day Virtual internship on networking organized by CISCO.
- Knowledge on basics of networking, also connecting the network layer devices and end devices with different cables.
- Configured the basic configurations of routers and IP addresses with routing techniques in Cisco Packet Tracer

Microlink Information Technologies - Summer Intern

JUN 2024 - JUN 2024

- Acquired hands-on experience in embedded system design and prototyping using the Arduino UNO
- Programmed the microcontroller using the Arduino IDE with embedded C to interface with various sensors and actuators.
- Successfully designed and built a functional prototype project to demonstrate core embedded principles

Education

Sri Sairam Institute of Technology, Chennai

2022 – 2025

B.E – Electronics and Communication Engineering (ECE) | 6.5 CGPA

DVR & Dr. H.S. MIC College of Technology, Kanchikacherla

2019 – 2022

Diploma – Electronics and Communication Engineering (ECE) | 73.94%

Certifications

- Python Programming – Innomatics Research Labs.
- Cisco CCNA – IIHT Ltd.
- Computer Hardware Basics – CISCO Networking Academy
- Computer Networks & Internet Protocol – NPTEL (Elite)
